

Raihana Sakhi Aswanda

Business Analyst | Digital Transformation

Surabaya, Indonesia | +62 858-5116-1298 | raihanasakhi027@gmail.com | [linkedin](#) | [link portofolio]

SUMMARY

Information Systems graduate (GPA 3.87/4.00) with hands-on experience in business analysis, process improvement, and data analytics. Experienced in translating business needs into digital solutions through requirement gathering, process analysis, and dashboard development, working with cross-functional teams from research to implementation.

EDUCATION

UPN "Veteran" Jawa Timur

Bachelor of Information Systems, GPA 3.87/4.00

Surabaya

Sep 2022 – Jun 2026

PROFESSIONAL EXPERIENCE

Lima Benua

Front-End Developer Intern

Surabaya

Feb 2025 – Jun 2025

- Conducted requirement gathering and business process analysis for T-Space, a location-based public facility finder application, identifying user pain points and opportunities for digital improvement.
- Translated business requirements into user journeys, user flows, wireframes, and interactive prototypes.
- Built responsive mobile interfaces in Flutter with a 6-member cross-functional team, delivering a production-ready application through iterative testing.

Produktifkuy

External Relations Intern

Yogyakarta

Aug 2024 – Jan 2025

- Led the Produktifkuy Ambassador Program, engaging 50+ participants and increasing community engagement by 40%.
- Developed social media engagement strategies that improved Instagram interaction by 35%.

PROJECT EXPERIENCE

Ternovia – Livestock Management Application

Undergraduate Thesis (UI/UX Design & Research)

2026

- Analyzed existing administrative workflows of farmers, field officers, and government officers at Dinas Peternakan Kabupaten Jombang, proposing digital process improvements based on research findings.
- Conducted user research with 10+ participants and stakeholder interviews to identify operational challenges and user needs.
- Designed personas, user journeys, wireframes, and high-fidelity prototypes in Figma. Validated the design through usability testing and heuristic evaluation, uncovering 25 usability issues and increasing task success rate to over 97% with no unfinished tasks.

Kelas.id User Behavior Analytics – PT Semesta Integrasi Digital (SID)

Data Analyst Project

2024

- Cleaned and transformed 7,000+ user records using SQL and Python, improving data quality and analytical accuracy.
- Developed interactive Tableau dashboards to visualize KPIs, generating actionable recommendations to improve platform engagement.

LEADERSHIP EXPERIENCE

Youth Space, Jakarta – Head of External

Jan 2024 – Jun 2025

- Led a 15-member team in partnership development and stakeholder engagement, establishing collaborations with external communities and partners.

GENERASA, Yogyakarta – Head of Content Design Division (Volunteer)

Jan 2024 – Aug 2024

- Led a 13-member team in planning and executing digital content initiatives, managing workflow coordination and task allocation.
